Re: Freedom of Information Act Request

Dear Sir or Madam:

I would like to view all files available at the United States Environmental Protection Agency (US EPA) offices concerning the following facility (the "Property"):

Historically, the entire Property was Hobart Manufacturing. Currently, there are four owners of the Property shown below:

Property Owners	Address	City
<ul style="list-style-type: none">• Caterpillar Global Mining Field Services, LLC, previously Bucyrus• CKCS (corrugated cardboard)• Sterling Manufacturing• City of Mount Sterling, leased to Wastewater, Inc.	1140 Levee Road	Mount Sterling, KY 40353

This request is made as part of an update to a Phase I Environmental Site Assessment (ESA) of the Property. The purpose of this update Phase I ESA is to determine whether any environmental conditions exist on the Property that adversely affects the site. Accordingly, I am interested in any information within US EPA files regarding the Property and the surrounding sites, including but not limited to any permits for or inspections of the Property, enforcement actions, and whether the Property appears on any regulatory lists such as RCRIS, CERCLIS, UST, and LUST. I am interested in any recent files that have been produced since January 2013.

Due to the immediate nature of the investigation, please process this request as rapidly as possible. If I can provide any other information to expedite this request, please do not hesitate to call me. I look forward to your response. If you can provide me with any general information as this research progresses, I would appreciate this. Thank you for your efforts in this matter.

Sincerely,

A handwritten signature in purple ink that reads "Janice Harvey".
